🏠 7075 Sweet Creek Rd, Johns Creek, GA

EDUCATION

GPA: 3.84

GEORGIA TECH, Atlanta, GA

Graduating Spring 2027

Computational Media Major

People & Interaction Design Thread

GEORGIA STATE UNIVERSITY, Atlanta, GA

Fall 2023 – Spring 2024

Computer Science Major

RELEVANT COURSEWORK

- Collaborating with a team using Agile methodology
- Applying design principles to projects in Photoshop
- Planning and designing User Interfaces with Figma
- Creating 3D images using Aframe
- Studying human behavior in social contexts
- Integrating artificial intelligence tools to aid in coding, image creation, and concept creation
- Building chatbots and web apps

ACTIVITIES

BITS OF GOOD – Design Bootcamper

Present

- Contributing 5-10 hours a week
- Participating in a 10-week intensive design bootcamp focused on the fundamentals of product design and user experience. Developed a comprehensive design case study while working collaboratively with a partner to apply key concepts learned throughout the program.
- Engaging in twice-weekly sessions covering design theory and practical skills, including visual design and UI/UX principles, with Figma as the primary tool.
- Working on a semester-long project involving design research, wireframing, prototyping, and user feedback, culminating in two major presentations.
- Practicing giving and receiving constructive critiques and collaborated effectively with a partner on design tasks.

WREK RADIO – Member of Design Team

Present

- Assisting in the design and visual branding of WREK Radio
- Created promotional stickers to be featured in design showcase

WORK BASED LEARNING – Teaching Assistant

2022- 2023

- Worked 5 hours a week for two semesters.
- Assisted in grading and providing feedback for intro-level art classes; specifically on key design principles and elements.
- Maintained cleanliness and managed supply stock of art studio.
- Networked and attended workshops on leadership, work ethic, and organizational skills.
- Communicated with students to re-explain previously misunderstood concepts; worked with teachers to better serve students' needs.
- Developed time management skills needed to complete large tasks in a short period of time.

INSPIRING TOGETHER - Tutor

2021-2023

- Contributed 4 hours every week for 4 semesters.
- Created lesson plans and instructed in Physics, Economics, English, and Math to students in the foster system. Adapted lessons to find best method for student with language barrier to achieve mastery and subsequently graduate with honors.
- Students reported positive teacher feedback due to improved performance in class.

ALPHA GAMMA DELTA FRATERNITY - Pledge

Present

SKILLS

- User Research
- Product Design
- Agile Methodology
- Design Critique

LANGUAGES

- Intermediate Java
- Basic Python
- Basic HTML
- Basic CSS

PLATFORMS

- Adobe Photoshop
- Figma
- Django

HONORS & AWARDS

- National Merit Semifinalist (2023)
- Georgia State University Excellence Scholarship (2023-2024)
- AP Scholar with Distinction
- 7th in Georgia for FBLA UX Design (2023)
- 5th in Georgia for FBLA Marketing (2020)

LEADERSHIP

- Northview JV Tennis Captain (2022)
- The Bolt Art Director (2023)
- Work Based Learning Teaching Assistant (2023)
